PHILOSOPHY:

Each child is a unique gift from God and will be accepted for who he/she is and will be respected and loved. Our program seeks to meet the development needs of the children in these areas of growth – physical, social, emotional, literacy and language, cognitive and spiritual development.

Each child will have the opportunity to build positive learning experiences, growth in self-concept and self-esteem, and gain ability in problem solving.

Our Christian developmental learning environment teaches to the whole child in a play-preschool atmosphere.

Our school encompasses positive reinforcement and utilizes Conscious Discipline by Beck Bailey.
